COURT OF APPEALS.

In the Court of Appeals yester lay Judge Keith handed down the opinion in the case of the Postal Telegraph Cable Company vs. the Farmville and Powhatan Railroad Company, in which the judgment of the County Court of Chesterfield was reversed. Notice was given last year by the telegraph com-pany that it would apply to the County Court for the appointment of commissioners, to report what would be just compensation for the privilege of constructing a telegraph line along the right of way of the railroad company. The court, upon motion of counsel for the railroad, quashed the motion, and an appeal was taken. The reversal of this rolling by the Appellate Court is a victory for the Posta', and opens the way for this company to put up its wires along the line of the railroad. This is but another phase of the fight being made all through the south by over which the Western Union now has

exclusive rights.

Judge Keith also prepared the opinion in the case of Gen. James A. Walker, who sued for a mandamus to com-pel Regist ar J-m s A. Stone, of Britols. to allow Gee. Walker to inspect the poll books. The mandamus was grant-ed, though one was denied J. B. Keltar and A. R. Hichman, who desired a writ to compel the registrer to furnish them a copy of the poll books. Gen. Walker wishes access to the books to enable him to get information which he desires for use in his context for the

seat in Congress to which Judge William F. Rhea is shown on the face of the returns to have been elected. The court holds that he is entitled, under section 132 of the code, to inspect the books, and that this right having been denied the mandamus must issue, and Gen. Walker must be allowed to take from the books, in the presence of the registrar, such memoranum or notes as are proper to be made according to the views expressed by the court in Gleaves

vs. Gleaves vs. Tenny. The following other cases were dis-
